

THANK YOU FOR PURCHASING **A FUEL LOCK® DEVICE!**

Get your Fuel Lock® system up and running with these simple steps:

- Download the Fuel Lock® App from Google Play or the App Store.
- Have a licensed electrician install your device, flow meter pulsers and level sensors* on your new or existing fuel tanks.
- Learn how to link your device and app from videos on youtube.com/intragrain.
- Add your device to the Fuel Lock® app. Set up your tanks, level sensors*, employees and equipment. Configure your preferences and notifications.
- Start fueling and enjoy!

** Applicable to Fuel Lock® Commercial only*
